

CONTINGENCY PLAN FOR EMERGENCY SITUATIONS

DELAYED START TO MATCH

If for any reason the start of a match is to be delayed, the spectators will be kept informed of the situation over the PA system or by club officials and stewards as appropriate.

If a substantial number of spectators are still awaiting admission at the turnstiles when the match is due to start, this may warrant a delayed kick off. Such a decision would be made by the match officials, in discussions with club officials or the police if appropriate.

Spectators awaiting entry will be kept informed of what is happening at all times via the PA system or directly by club officials / stewards

LATE POSTPONEMENT OR MATCH ABANDONED

If a decision to postpone a match is taken just before kick off time when spectators are queuing to get into the ground or if a match is abandoned, the spectators will be kept fully informed via the PA system or directly by club officials. This information will include details of any refunds or issue of vouchers, in strict accordance with the S.F.A. document "Ground Regulations"

CROWD CONTROL

If a situation arises involving unruly crowd behaviour which may lead to surging, crushing or pitch invasion, the stewards, assisted by club officials will attempt to resolve the situation. If it is clear that this is impossible, the police will be notified immediately by the safety advisor or another senior club official.

POWER CUTS

If a power cut occurs during a floodlit match and the referee decides to abandon the game, spectators will be kept informed by stewards and club officials. If the normal PA system is inoperable, a back-up system will be used.

Stewards will ensure that spectators leave the ground safely, with disabled spectators getting assistance as required.

EMERGENCY EVACUATION

If an emergency evacuation of the ground is required, stewards will ensure that spectators get out of the ground safely at the nearest exit. In such evacuations stewards will ensure all disabled spectators make a safe exit from the ground, offering whatever assistance is required; Exits will be identified to avoid confusion when announcements are made. If only specific exit(s) can be used for evacuation, the announcement will make reference to the appropriate gate.

IF A DECISION IS MADE TO EVACUATE THE GROUND, THE ANNOUNCEMENT WILL BE AS FOLLOWS :
AN EMERGENCY SITUATION HAS ARISEN IN THE GROUND, PLEASE LEAVE THE GROUND IMMEDIATELY, IN AN ORDERLY MANNER BY THE NEAREST AVAILABLE EXIT.

PLAYERS AND MATCH OFFICIALS

Players and officials will be instructed to congregate in the centre circle until the situation can be assessed to see if it is safe to return to the dressing rooms. If not, they will leave the ground at an appropriate exit.
